

JEL - PINE

JEL - PINE is a thixotropic gel concentrate developed for cleaning and disinfecting parquet, tiles terrazzo as well as vinyl floors. Its thixotropic properties guarantees proportional measurement of product to be used eliminating messy spillages.

FEATURES

- * Thixotropic nature ensures economic proportioning and no messy spillage.
- * Natural pine oil ensures that essential oils from the floors are not stripped away which is the case when using alkaline cleaners.
- * Special formulation will ensure a non slip surface and no rinsing is required. Floor can be buffed to a sheen.

APPLICATION

As with all floor programmes, surface to be cleaned should firstly be swept clear of residue dirt. Dissolve one tablespoon of **JEL - PINE** in a gallon of cold or warm water. Mop onto surfaces to be cleaned. Allow solution time to penetrate (2 - 3 minutes). Accordingly mop dry.

For walls, wood work and ceilings, it is recommended that sponge application be carried out as per the cleaning floors.

For toilets, showers and washing areas, the use of **JEL - PINE** (2 spoonful per gallon of warm water) will ensure hygienic conditions eliminating fungus organism which causes athlete's foot.

For more details on **JEL-PINE**, kindly consult our sales representative.
