

VEG-KLEEN

VEG-KLEEN is formulated to meet very stringent food grade chemicals for cleaning and sanitizing of poultry, fish, fruits and vegetables.

VEG-KLEEN is safe, non-toxic and complies with food safety regulations and EPA requirement. The alkaline nature of **VEG-KLEEN** will flush out insects and crawlies and the presence of chlorine destroys them.

Chlorine is stabilized through proper selection of alkalis and therefore enhance the sanitation.

PROPERTIES

Clear greenish yellow liquid contains Sodium Hypochlorite (food spec.)

SG : 1.100 ± 0.05

pH (1%) : 11.00 ± 0.5

Miscible in water in all proportions

USAGE

1.5 g to 2.0 g of **VEG-KLEEN** in 1 liter of water
Available chlorine in under this dilution is 30-50ppm
Minimum contact time recommended is 1 minute.

PACKING

25 Kg
